The entertainment given the evening of May 11 under the auspices of the Red Cross was a very enjoyable and instructive affair. National and patriotic music was played by G. F. Clark, cornet; Miss Leighton, violin, and Mrs. Zwicker, piano. Mr. Malard gave a lecture, "The Spirit of France and the Spirit of Belgium," from which most of the audience learned much of those two countries. Mrs. Malard played "The March of the Allies" and "The Marseillaise." While the latter was being played, little Dorothy Jackson waved the French flag. P. D. Bromley sang several songs appropriate to the occasion, which were very much enjoyed by everyone. He was accompanied on the piano by his mother. Her other son, Kent Bromley, was that evening on his way to Virginia, to go into training for the war. Several Bradford people were in the audience, among them A. E. Hale and H. W. Corns Peel Right Off With "Gets-It"

2 Drops, and the Corn Is a "Goner!"

When you've got to walk on the sides of your shoe to get away from those awful corns, there's only one common-sense thing to do. Put 2 or 3 drops of "Gets-It" on the corn.

Use "Gets-It" Your Corns Won't Swell in Water. Besides, They'll Shrive! Loosen and Peel Off!

right away. Pain and inflammation will disappear, the corn will begin to shrivel from that instant—then it loosens and falls right off. There's no other corn-remover in the world that acts like "Gets-It." No new discovery has been made in corn-removers since "Gets-It" was born. Don't forget that fact. "Gets-It" does away forever with the use of salves that irritate, bandages that make a bundle of your toe, plasters that half do the work, knives and scissors that draw blood. Use "Gets-It"—no more digging or cutting.

"Gets-It" is sold everywhere, 25c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

Sole in Barre and recommended as the world's best corn remedy by F. G. Russell, E. A. Brown, and Cummings & Lewis.—Adv.

GIRLS! MAKE A BEAUTY LOTION WITH LEMONS

At the cost of a small jar of ordinary cold cream, one can prepare a full quart of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, smoother and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quart of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It should naturally help to whiten, soften, freshen and bring out the roses and beauty of any skin. It is truly marvelous to smoothen rough, red hands.—Adv.

WHY BE BALD?

Tells How to Stimulate Growth of Thick, Lustrous Hair.

A luxuriant head of hair is God's birthright to every man—to every woman. If your hair is thinning out, splitting, prematurely gray, brittle, difficult to comb, full of dandruff, and your head itches like mad, it's a pretty sure sign the hair roots are diseased and quick action should be taken. Don't wait, but go to the Red Cross Pharmacy and get a bottle of Parisian Sage, the really efficient hair grower. Don't say "it's the same old story, I've heard it before," but try a bottle at their risk. They guarantee it to stop falling hair and itching scalp and remove all dandruff or money back.

Parisian Sage is also woman's favorite hair dressing because it makes her hair soft, bright, seem more abundant and easy to dress attractively. It's guaranteed harmless and is inexpensive.—adv.
